OUR SERVICES

CUSTOM HOUSE AGENT:

We are operating as Licensed Custom House Agent since 1982, at all Western and Eastern ports of India. We are also present at various ICDs & CFSs located at all the major locations.

We annually handle more than 5 million metric tons of cargo consisting liquid, bulk/ break bulk, project & containerized.

We have custom approved, trained & experienced staff to deal with custom/port related matters and to provide excellent services.

SHIPPING AGENCY

Our group has its active presence as shipping agent at all the major Western and Eastern ports of India. As Shipping Agent, we provide multifaceted services to cater the requirements of the ship and its crew.

We locally represent leading vessel owners & operators, viz., M/S. Mitsui O.S.K. Lines, Japan; M/S. Oldendorff Carriers and M/s. Oldendorff Express Lines, Germany; M/s. CPM Corp, China; M/S. Spur Shipping, Singapore.

We are also member of International Shipping Body – BIMCO.

OUR PERFORMANCE IS OUR CREDENTIAL

STEVEDORING:

We are one of leading licensed stevedores operating at all Western and Eastern Ports of India. We handle all types of cargo i.e. Bulk (AGRO - Sugar, Wheat, SBM/RSM, Rice; Coal; Fertilizer; Iron Ore etc.), Break bulk (Iron & Steel), Project Cargo including Heavy Lifts, Containers etc. For efficient & expeditious handling of cargo, we possess all types of gears and equipments viz., pay loader, excavators, cranes, fork lifters etc.

We have achieved expertise in handling project cargo and Iron & Steel materials. As Stevedore, during last couple of years, we are handling of Project cargo for number of power projects coming up in the states of Gujarat and Rajasthan. We annually handle a quantity of more than 1 million metric tons iron & steel materials, viz., Steel Coils, Pipes, and Plates etc. As Stevedore, during last couple of years, we handled Project cargo for number of power projects coming up in the states of Gujarat and Rajasthan.

Stevedoring operations are executed and supervised by experienced and trained professionals, including Master Mariners.

OUR ATTITUDE DETERMINES OUR ALTITUDE

CLEARING AND FORWARDING

With access to almost all the Western and Eastern ports of India, we provide a complete one-stop solution to all clearing and forwarding needs. Our rich experience of more than three decades in this field not only allows us to take almost all the pitfalls of the industry in our stride but also guide us to provide tailor made solutions for any type of need. Entrusting work with us let the clients take their hands off from their logistic worries.

We manage and provide services related to receiving the goods from the factories or premises of the principal or his agents, warehousing, redistribution of goods, maintaining records of the receipt, dispatch of goods and daily update the stock available at the warehouse.

CHARTERING & SHIPBROKING

We have built excellent relation with the different cargo owners over the years and we developed complete end to end solution by our focused vertical of Chartering & Ship Broking activities with special thrust on dry bulk cargoes including steels & minerals.

Our strong network and relation with Owners/Charterers to provide complete service to our clients, not just in terms of providing available cargo/tonnage but also providing them with market intelligence, finalizing the details of the contract and following the deal through to its conclusion.

SINCERE EFFORT FUELS OUR GROWTH

TANK TERMINAL OPERATION

We operate tank storage facility for handling and storage of liquid cargo at Cochin port under the banner of HHA Tank Terminal Pvt. Ltd. in collaboration with M/s. Helm AG, Germany, a reputed firm in the field of tank storage and handling of liquid chemicals and M/s. Haresh Kumar & Co., Mumbai, a leading chemical trader. The Terminal, which is being operated since 1999, has a storage capacity of 55000 KL.

We handle more than 1 million tons of hazardous chemicals at Kandla for our clients for which we assist them to get tank storage space with local Tank storage owners. Similar arrangements are being made at other Ports, viz., Dahej and Mundra for storage of liquid cargo.

FREIGHT FORWARDING

We provide total services to our clients for handling container traffic which includes arranging containers at very competitive shipping freight, stuffing and de-stuffing operations, compliance of port and customs formalities, documentation etc. With a complete range of Sea Freight Services, we leverage volumes smartly to deliver competitive sea transportation in every major trade sector between Middle East, Gulf Countries, Far East countries. Through our network of experienced professionals, strong world shipping connections and extreme flexibility, we are able to respond specifically to whatever the shipping needs may be.

Our representatives stay close to your shipment from pick-up to delivery, keeping you closely informed of its progress in order to guarantee safe delivery of the cargo.

SAFE & SECURE REDISTRIBUTION

TRANSPORTATION

Our Group owns a fleet of multi axle; trailers; grabs and dumpers as well as mobile cargo handling equipments, viz, fork lifters, cranes, pay loaders, etc.; for handling dry bulk cargo we own barges, hoppers, bagging facility etc. We are capable of handling and managing any kind of bulk cargo with complete operations involved. For handling liquid bulk chemicals we own road tankers.

When you need a super load to be moved, you need a company who are experts in hauling heavy equipments and over dimensional cargo as per the needs of the clients.

The axles being the latest version available in the world (GOLD HOFER AND VOLVO), individual platform modules can be combined in longitudinal direction and having adjustable body, the stability of the over dimensional cargo is maintained.

Our expert staff, exclusively maintained for this purpose can part with proper advice and complete route planning how to move over dimensional cargo, this will give our client an edge over others in transporting OD cargo.

To meet additional requirement, we hire vehicles and equipments from local market. We also maintain close liaison with transporters appointed by our clients (Importers & Exporters) to achieve efficient and prompt clearance of cargo from and to Port.

WORKING

TOGETHER FOR SUCCESS & PROGRESS

WAREHOUSING & REDISTRIBUTION

Warehouse management and monitoring system is a key part of the supply chain and primarily aims to control the movement and storage of materials within a warehouse and process the associated transactions, including shipping, receiving, put away and picking. Our team shares on real-time information about the status of stock movement.

We have both general and bonded warehouses with total space of 0.25 million Sq.Ft. at port township of Gandhidham. In addition, we have open storage space of 0.5 million Sq.Ft. We provide warehousing facility for Import/Export cargo at competitive rates.

Besides the above, we arrange to provide warehousing space in the private warehouse to meet the demand of Importers & Exporters.

Warehousing facility includes receiving and storage of cargo, standardization in case of bulk cargo & redistribution to different destination by rail and road. We maintain security, sanitation, and services like fumigation etc.

During 2009-10, we handled over 0.75 million metric Tons of imported bulk raw sugar and provided warehousing facility; bagging and standardization. Maximum warehousing space provided at a time (peak period in February'10) was for 0.46 million metric Tons in 32 warehouses covering an area of 20.23 Lakhs Sq.Ft.

WORKING WITH ACCURACY ENSURES PERFECTION

KASEZ FACILITY

Sujan Oil & Gas Infra Logistics (SOGIL) is the first licensed Govt. of India approved SEZ service providing unit, functioning from Gujarat. The unit will cater to services related to Oil & Gas Exploration Industry like warehousing of imported machineries, equipments, required raw materials etc. Practically, most of the global players out source such facilities. There is a huge potential for utilization of such services on the western coast of India. In order to meet the needs of this particular industry in the field of material management and logistical support, we have created this unique facility at Kandla Special Economic Zone, just 9 kms from the major Indian Port of Kandla. We have total storage area of more than 30,000 sq ft out of which 4000 Sq ft is covered.

Present scenario of activities in the field of oil exploration, especially in India, gave us an opportunity to start this new project to explore the possibilities of reaching out to the global oil & gas sector, and providing it with sufficient wherewithal and logistic support.

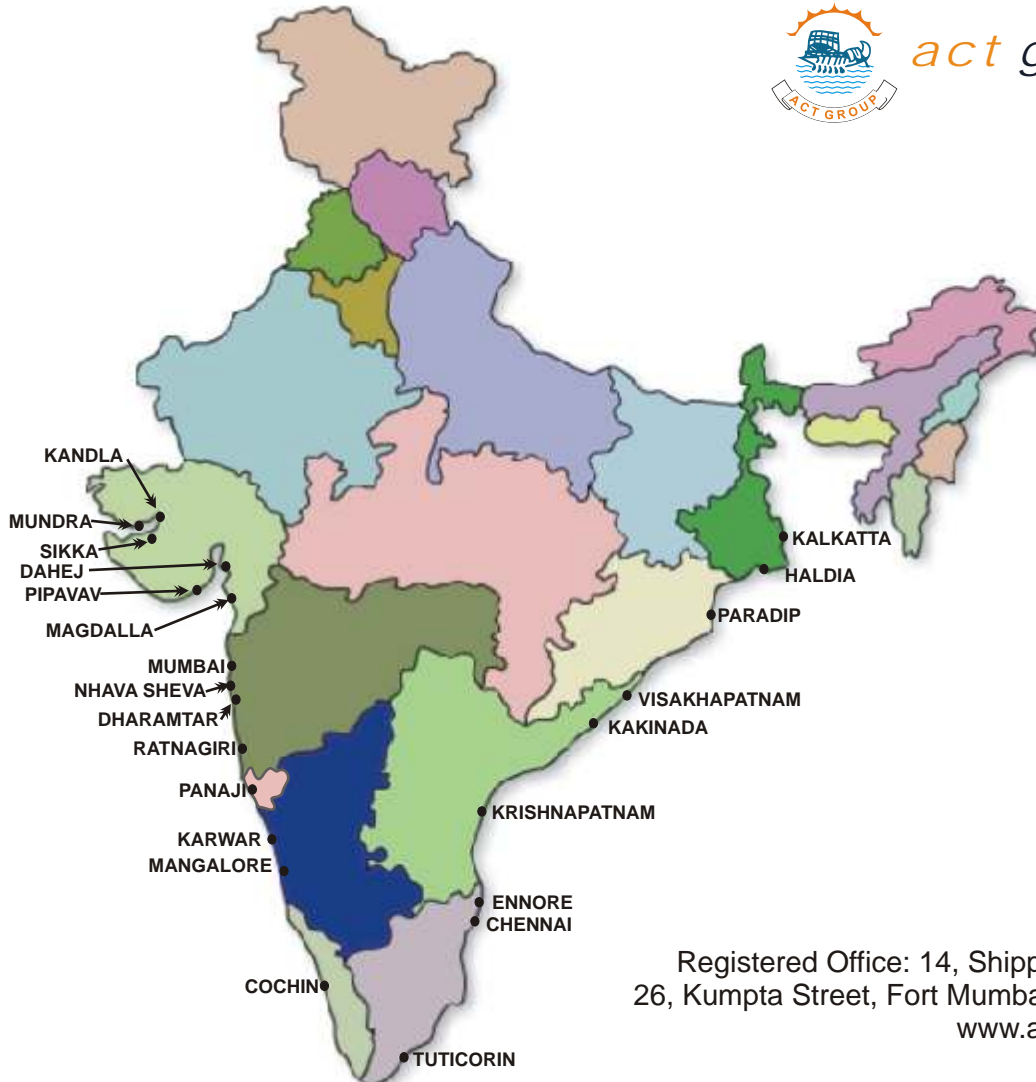

The unit also has a state of the art drumming/refilling plant which provides facility to the third party clients for export/re-export of their liquid products like Solvents, Specialty Chemicals, Petroleum Products etc., in drums/small containers. This plant has automated bottom filling for drums, in built electronic weighment facility having accuracy of +/- 50 gram and pneumatic sealing and crimping facility.
